

SADHIKA MAHAMMAD

Vijayawada, India | +91-7569453136 | mahammadsadhika@gmail.com | linkedin.com/in/mahammadsadhika/

Summary

Motivated Computer Science undergraduate with a strong foundation in programming, problem-solving, and software development. Experienced in building academic projects and eager to apply technical skills in real-world environments while continuously learning and growing as a developer.

Technical Skills

Technical Skills: Python, Java, SQL | FastAPI, REST APIs | HTML, CSS, JavaScript

AI/ML: Machine Learning, Generative AI | Pandas, NumPy, Scikit-learn | SQLite

Tools & Strengths: Git, GitHub, VS Code | Effective Communication & Team Collaboration

Education

B.Tech – Computer Science and Engineering (2023-27)

Prasad V. Potluri Siddhartha Institute of Technology (PVPSIT)

CGPA: **8.24** | 6th Semester

Intermediate (MPC) – Andhra Loyola College | **85.1%** | 2023

Tenth (SSC) – Sri Chaitanya Techno School | **100%** | 2021

Internship Experience

Wadhvani Foundation – Ignite India Program | Nov 2025

- Completed entrepreneurship training through a college-based program.
- Developed the **Art of Thread** practice venture.
- **Skills:** Communication, Leadership, Teamwork, Creativity, Problem-Solving.

Cisco – AICTE Virtual Internship Program

- Completed training in cybersecurity, networking, and cloud security.
- Completed practical labs and a final project.
- **Skills:** Technical Understanding, Analytical Thinking, Problem-Solving, Learning Ability.

Projects

BrandCraft – Generative AI Branding Platform

- Built AI platform for brand names, logos & marketing content using Gemini & Stable Diffusion
- Developed FastAPI-based REST APIs with JWT authentication

Food Order Prediction System

- Created ML model to predict food demand using historical data
- Performed preprocessing, feature engineering, and improved prediction accuracy

Finance Tracker

- Developed expense tracking app with budgeting and categorization features
- Designed user-friendly interface for financial insights and visualization

Certifications

- AWS Cloud Certification
- Wadhvani Foundation – Employability Skills
- NPTEL – Java Programming & AI Fundamentals
- Cisco NetAcad – Networking Essentials
- Infosys Springboard – Machine Learning
- STEP – English Proficiency
- Smart Interviews - Data Structures and Algorithms

Achievements and Activities

- Participated in **Amaravati Quantum Valley Hackathon (2025)**, collaborating on innovative solutions
- Received **Best Pivot Award – Wadhvani Foundation**
- Completed coding workshops and entrepreneurship training programs
